"Contemporary elements were carefully inserted, a layer added over the original western red cedar panels that blanket the interiors"

reigo & bauer

site Milford Bay, Ontario, Canada.

size 6 bedrooms; 6,760 square feet.

recap For repeat clients, firm copartners Merike Bauer and Stephen Bauer rehabbed a century-old shingled cottage sited on a waterfront former resort in Ontario's lake country, preserving and restoring its western red cedar-clad interior and then playing against type by juxtaposing spirited modern features: sculptural furniture, bold accent colors, perception-warping outsize lighting, and an impressive collection of Pop Art, including works by Robert Indiana and Andy Warhol.
