**MADS MAN** The second in a series of short films “bringing two Danish style icons together,” *The Guest* stars acclaimed actor Mads Mikkelsen – as a smooth furniture geek – for retailer BoConcept. [boconcept.us/en-ca/](http://boconcept.us/en-ca/)

**DOUBLE VISION** In Milan, the Mindcraft15 exhibition – held at the ancient cloister of San Simpliciano – showcased some of Denmark’s most talented craftspeople and designers. In the words of the curators, “We believe in the space in between. In projects based on a concept and formed by craft. A combination that generates reflection.”

**NIGHT & DAY** For the mixed-use Complexe Desjardins (office/hotel/shopping mall) in downtown Montreal, Lightemotion has created a dynamic lighting scheme. Its Urban Clock concept uses a programmable DMX system to adapt the colours, tones and intensity. [lightemotion.ca](http://lightemotion.ca)
