PROLOGUE

01/ UNVEILING OF THE NEW GARDENS OF THE 22ND INTERNATIONAL GARDEN FESTIVAL

FIVE NEW PROJECTS from Canada, the United States, France and Sweden will be featured at the 2021 edition of the International Garden Festival. The new gardens will be on display at Jardins de Métis / Reford Gardens, Grand-Métis, QC, from June 26 to October 3, 2021.

The theme for the 2021 edition is *Magic Lies Outside*. This year's festival strives to bring us hope, to inspire creativity and to brighten up the world as we struggle to make it through the global pandemic and get back on our feet after many difficult months of lockdown. The five projects

selected this year will be integrated around the existing gardens to create an open-air museum for visitors to explore.

Visitors will enjoy more than 25 gardens, each one pushing the frontiers of contemporary design and offering a unique mix of curated environments, natural experiences, horticultural staging and human creativity. A total of 160 projects by designers from 17 countries were submitted.

The five new gardens selected for the 2021 edition are:
